OF THE

M E D I C A L O F F I C E R O F H E A L T H.

FOR THE YEAR 1961.

To the Chairman and Members of the
Coseley Urban District Council.

Ladies and Gentlemen,

I have the honour to present the Annual Report for the year 1961.

Perusal of the report will reveal that the health of the community remains satisfactory. During the year there were no serious epidemics, the prevalence of a mild but widespread epidemic of measles is responsible for the sharp rise in the Notifications of Infectious Diseases.

The numbers of children being immunised against poliomyelitis, pertussis and diphtheria are satisfactory, unfortunately the number being vaccinated against smallpox is much too low, parents are strongly advised to have their children vaccinated as the possibility of an outbreak of this dreadful disease is a very real one, as was evidenced at the later end of the year. Fortunately no cases occurred in the district.

Work in the public health department was seriously curtailed due to the shortage of public health inspectors, from an establishment of five it was depleted to two, consequently only the more important aspects of the work could be carried on. In spite of these difficulties a 100% meat inspection was maintained and work on the clearing of our remaining slums was assiduously pursued. Details will be found in the body of the report.

Due to the lack of staff no smoke control areas have been established under the provisions of the Clean Air Act, 1956.

In conclusion I wish to thank the Chairman of the Health Committee, Councillor Mrs. V. Turton, and members of the Health Committee, the Health Department staff for their guidance and assistance which they have unfailingly placed at my disposal.

I am,

Your obedient Servant

A. D. Kelly.

SANITARY CIRCUMSTANCES OF THE AREA.

WATER SUPPLY.

Water is supplied to the district by the South Staffordshire Water Company and by the County Borough of Wolverhampton.

The quality of the water in all areas has been good and the twelve analyses in 1961 have been satisfactory.

CLOSET ACCOMMODATION.

There are 49 houses in the district not connected to the water carriage system. This is due to the latter not being readily available. In most cases the houses are too low for the sewer.

PUBLIC CLEANSING.

The Health Department is not responsible for this service and the supervision is by the Transport, Cleansing and Stores Committee of the Council.

S E C T I O N E.

H O U S I N G.

There were 100 Council houses and flats and 259 Private houses and flats erected during the year.

The number of houses and flats constructed since 1945 is 2,842 Council and 2,466 Private.

A N N U A L R E P O R T

OF THE

CHIEF PUBLIC HEALTH INSPECTOR

FOR THE YEAR 1961.

To the Chairman and Members of the
Coseley Urban District Council.

Ladies and Gentlemen,

I have much pleasure in submitting my Annual Report of the sanitary circumstances of Coseley for the year 1961.

The desire to have clean air is a question in which the majority of people in industrial areas are becoming very conscious. At the moment we have no Smoke Control Areas or Smokeless Zones in the district, although one area has been surveyed for such a purpose. Coseley being an industrial area, with quite a number of older established foundries and factories, will, in my opinion, take some years yet before they will be cleaned up, still every effort will be required.

Housing is a subject that has been with us for many years and I suggest that it will be for some years yet. I think that our record bears favourable comparison with similar districts in the Country. I am of the opinion that Slum Clearance (as we have known it) will eventually have to give place to another title, because most of the old worn out dwellings have been dealt with and we shall have to deal with those we know as sub-standard.

Food Hygiene is a subject with which we endeavour to keep in constant touch, but owing to the shortage of Inspectors it has been impossible to make regular inspections of these premises such as one would desire.

I would like to thank the Chairman and Members of the Health Committee, the Medical Officer of Health, and the members of the Staff for their support, co-operation and loyalty.

I have the honour to be,

Your obedient servant,

G. H. Parkes.
